

Mid-East Prophecy Update – February 5th, 2017

- For today's prophecy update I want to reiterate the assertion that Trump's presidency is bringing the world to the boiling point.
- Since President Trump has been in office, it seems everything geopolitically and as such prophetically is heating up very fast.
- You'll forgive the cliché, but I personally believe that we "aint seen nothing yet." In other words, this may just be the beginning.

- I'll begin with the courts ruling in Washington State concerning a temporary restraining order on Trump's temporary travel ban.
- It's not surprising given the 9th Circuit Court of Appeals that made this ruling is unquestionably the most liberal court in the U.S.
- So much so that in 2016 the Supreme Court of the United States overturned approximately 90% of the 9th Circuit Court rulings.

The fact of the matter is the law is unambiguously clear in allowing the President of the United States to impose a temporary travel ban as Trump did. On Fox News, Judge Napolitano, who is arguably one of the most brilliant legal minds today, stated, and I quote, "this was precisely the wrong thing for the court to do." ... He explained that the Constitution assigns the decision-making for foreign policy exclusively to the president, with even Congress taking a supporting role. Napolitano went on to say, "This is an intellectually dishonest piece of work that the 9th Circuit has produced tonight, because it essentially consists of substituting the judgment of three judges for the president of the United States, when the Constitution unambiguously gives this area of jurisdiction - foreign policy- exclusively to the president." "That's why this is so profoundly wrong." <http://linkis.com/IW8od>

Speaking of "profoundly wrong," the fake news outlets, which are fast becoming the new norm, has flat out lied in their coverage of said travel ban. White House policy director Stephen Miller, told Fox News' Sean Hannity that the media coverage of President Donald Trump's travel and immigration ban was frankly contemptible in the way that false statements have been made about the president's lawful, necessary and fully constitutional action." "We've seen example after example ... of individuals becoming radicalized and joining terrorist groups," Miller said. "The reality ... is that it is a daily feature of life for law enforcement officials and federal investigators all across this country to be investigating, ...and preventing terrorist acts that are only being conceived of ... because we let these individuals into our country in the first place." Miller also slammed U.S. District Court Judge James Robart's decision last week to issue a temporary restraining order, which halted the enforcement of Trump's executive order, as "judicial activism." "An unelected judge does not have the right to remake the immigration laws and policies for the entire United States of America," Miller said. "This was an issue put before 300 million American citizens and they voted ... to put in place new, tough vetting measures so that we don't end up [spending] hundreds of billions of dollars long-term dealing with the effects of an immigration system that is not properly controlled."

- On Thursday, I was pleasantly surprised when I went to Twitter and found numerous Tweets actually supporting Trump's ban.
- One tweet showed protestors in Europe with signs saying "Trump is right," and "We will not stay silent as women are raped."
- The caption says as Middle Eastern migrants rape their way across Europe thousands take to the streets in Anti-Islam Protests.

- I would submit if we here in America don't believe this can happen to America, then, we have been deceived and believed a lie.
- Here's the truth, the Muslim migrants are pouring into the United States for the sole purpose of domination vis-à-vis Sharia Law.
- This is evidenced by virtue of the fact that Islamic immigrants are not pouring into Islamic countries, as they are already Islamic.

On Jan Markell's Understanding the Times radio broadcast, former Minnesota State Representative Michelle Bachmann called this Muslim migration a "planned invasion" to "destroy Western Christendom. Here is some of what she had to say, "We saw this mass migration, this people movement, which is a historic people movement of Muslims from Islamic nations tending to be the most radicalized nations — from those nations into nations that are known as Western Christendom." "...You don't see this mass migration into Russia, or into China, or into Indonesia," states Bachmann. "This is a planned invasion, not only in Europe but also in the United States." "I believe for the specific purpose of destroying Western Christendom, because that has been the strength of the world, economically, but also the strength of the world in terms of leadership, the nations that are known as Western Christendom."

I'm personally of the belief that this Muslim migration of refugees has been, is now, and may continue to be a Trojan Horse in the sense that Islamic terrorists have concealed themselves within the wooden statue of the horse of refugees. I found it rather interesting that Syria's President, Bashar al Assad would say as much. In an exclusive interview with Yahoo News at a presidential office in Damascus, Assad said President Trump's freeze on admitting refugees from his country — part of an executive order that has drawn widespread protests and is being challenged in federal court — "is an American issue" on which he would not take sides. But asked if some of those who fled are "aligned with terrorists," Assad quickly replied, "Definitely." ...Assad went on: "Those terrorists in Syria, holding the machine gun or killing people, they [appear as] peaceful refugees in Europe or in the West." He said he couldn't estimate how many there might be, but he added, "you don't need a significant number to commit atrocities. ...it's not about the number, it's about the quality, it's about the intentions."

- Here's where I'm going with this, Revelation 12:12 we're told that the Devil is filled with fury because he knows his time is short.
- It's important to understand that the Devil is not omniscient. Only God is, and it's only God who knows the end from beginning.
- It's for this reason Satan has to always be ready not knowing the day or the hour, only knowing he doesn't have much time left.

- Sadly, this cannot be said of many today, who do not realize just how short the time is, in this, the last hour of human history.
- If you were to ask me why this is, my answer would be that the church today, is spiritually asleep, and as such they're unaware.
- Just as we're unaware of our surroundings when sleeping physically, so too are we unaware when we're sleeping spiritually.

Romans 13:11–14 (NIV) — 11 And do this, understanding the present time: The hour has already come for you to wake up from your slumber, because our salvation is nearer now than when we first believed. 12 The night is nearly over; the day is almost here. So let us put aside the deeds of darkness and put on the armor of light. 13 Let us behave decently, as in the daytime, not in carousing and drunkenness, not in sexual immorality and debauchery, not in dissension and jealousy. 14 Rather, clothe yourselves with the Lord Jesus Christ, and do not think about how to gratify the desires of the flesh.

- Another reason people are unaware is that they're caught up with the things of this world, and gratifying the desires of the flesh.
- Simply put, people love the world and the things of this world, which in turn results in what I've described as a spiritual disability.
- In other words, if you love the world or the things in the world, you're unable, or disabled, when it comes to the things of God.

1 John 2:15–17 (NKJV) — 15 Do not love the world or the things in the world. If anyone loves the world, the love of the Father is not in him. 16 For all that is in the world—the lust of the flesh, the lust of the eyes, and the pride of life—is not of the Father but is of the world. 17 And the world is passing away, and the lust of it; but he who does the will of God abides forever.

- In closing, let me say, if you've never called upon the name of the Lord Jesus to be saved, I would implore you to do so today.
- I'll explain how, by sharing with you what one has called the ABC's of Salvation. The A is for Admit. Admit that you're a sinner.
- The B is for Believe. Believe in your heart that Jesus is Lord. The C is for Call. Call upon the name of the Lord; you'll be saved.
