

Mid-East Prophecy Update – March 25th, 2018

- For today's prophecy update I want to draw your attention to three significant developments that have gained traction last week.
- What makes these developments so significant is that all of them point to the soon fulfillment of specific prophecies in the Bible.
- Namely that of Isaiah 17 concerning Syria, Zechariah 12 concerning Jerusalem and Ezekiel 38 concerning Russia/Iran – Israel.

The first significant development that's gaining traction is the dismantling of America from within rendering her inconsequential.

I'll begin with this Breitbart report in which they quote a Monmouth University poll revealing that 74 percent of Americans believe a Deep State exists... The Deep State, which is correctly defined ...as "a group of unelected or appointed government officials who have too much influence in determining federal policy," has been a national issue since the rise of President Donald Trump.

The reason I wanted to begin with this is that I personally believe we are witnessing this Deep State, or if you prefer, Shadow Government's agenda play out, right out, of Saul Alinsky's playbook, "Rules for Radicals, which he dedicates to Lucifer himself." Listen to Alinsky's eight levels of control that must be achieved in order to create a social state. 1) Control Healthcare 2) Increase Poverty 3) Increase Debt 4) Gun Control 5) Increase Welfare 6) Control Education 7) Remove God 8) Class Warfare.

The second significant development that's gaining traction is the mounting pressure concerning the Mideast peace plan.

On Monday, Breaking Israel News reported that Egypt and Saudi Arabia are pressuring Abbas to embrace Trump's 'Deal of the Century.' Senior sources in Ramallah ...told the newspaper Al-Quds that two Arab countries ...are exerting heavy pressure on Palestinian Authority Chairman Mahmoud Abbas and on King Abdullah II of Jordan, to accept the "deal of the century"

On Wednesday, Al Arabiya had an interesting article about the Saudi Crown Prince Mohammed bin Salman meeting with White House chief adviser Jared Kushner ...which began with a meeting with US President Donald Trump. ...According to the Saudi embassy in Washington, there was also discussion about the future of the Middle East peace plan and the common interest in finding a lasting solution to the Israeli-Palestinian conflict "in the best way possible."

The third significant development that's gaining traction is the increasing threat from Russia and Iran by way of Syria.

On Tuesday, The Jerusalem Post reported that Iran was the main focus in the meeting between Trump and the powerful Crown Prince Mohammed bin Salman. According to the Post, they discussed tensions with Iran and a Saudi-led military campaign in Yemen... Trump and the crown prince underscored the strength of US-Saudi ties, which suffered under the Obama administration. Saudi Arabia, a decades-long US ally, felt neglected by President Barack Obama's pursuit of a 2015 nuclear deal with Iran, Riyadh's regional rival.

On Thursday, Arutz Sheva published an analysis in which they ask the question of, "Is Israel gearing up for a strike on Iran's nuclear program? Here's some of what it had to say, "Israel finally officially admitted that in September 2007, it had bombed Syria's al-Khibar nuclear facility near the eastern Syrian city of Deir ez-Zur on the banks of the Euphrates River. ...However, the timing of the disclosure suggests Israel could be gearing up for another military strike against a nuclear program in a Middle Eastern country.

In addition to that, there's this Times of Israel article about Trump's choice of Bolton and Pompeo and the stirring of war fears that comes packaged with it on the part of some. Quoting the Times, "By tapping conservative firebrand John Bolton as his national security chief and hardliner Mike Pompeo as his top diplomat, US President Donald Trump has dramatically raised the stakes in world affairs.

What makes this so interesting is that it seems Mike Pompeo is a solid believer in and follower of Jesus Christ. The Christian Post published an article in which they list five quotes from Pompeo concerning Jesus, the Rapture, and Islam. CIA Director Mike Pompeo, nominated by President Donald Trump to succeed fired Secretary of State Rex Tillerson, is making waves for a number of speeches he's made in the past, exalting Jesus Christ and warning about radical Islam. The Post goes on to list the quotes, the first two of which are very telling. First, that Jesus Is the 'Only Solution,' and second, that it's a never-ending struggle until the Rapture.

- Here's where I'm going with all of this, everything that's taking place today has what I believe is an unstoppable momentum.
- By that I mean, Bible prophecy that today is beginning to come to pass won't just stop, rather, it is moving full speed ahead.
- Suffice it to say, the time is at hand and this because, it's just a matter of time before the proverbial rubber band has to snap.

1 Peter 4:7 "But the end of all things is at hand: be ye therefore sober, and watch unto prayer."

Revelation 1:3 "Blessed is he that readeth, and they that hear the words of this prophecy, and keep those things which are written therein: for the time is at hand."

Revelation 22:10 "And he saith unto me, Seal not the sayings of the prophecy of this book: for the time is at hand."
